PREAMBLE

Recognizing it is the responsibility of the Danvers School Committee to provide education of the highest possible quality for the children of Danvers and that good morale within the teaching staff of Danvers is essential to achievement of that purpose, we, the undersigned parties to this Agreement declare that:

1. Under the law of Massachusetts, the Committee, elected by the citizens of Danvers, has final responsibility for establishing the educational policies of the public schools of Danvers.
2. The Superintendent of Schools of Danvers (hereinafter referred to as the Superintendent) has responsibility for carrying out the policies so established.
3. The teaching and nursing staff of the public schools of Danvers shares with the Committee the responsibility for providing education and health services of the highest quality in the classroom of the school.
4. Fulfillment of these respective responsibilities can be facilitated and supported by consultations and free exchanges of views and information between the Committee, the Superintendent and the Association.
5. To give effect to these declarations, the Committee and the Association agree as follows:

ARTICLE 1 – RECOGNITION

A. For the purpose of negotiating collective bargaining agreements with respect to wages, hours, and other conditions of employment, and for resolving any questions arising thereunder, the Danvers School Committee, hereinafter referred to as the Committee, recognizes the Danvers Teachers Association, hereinafter referred to as the Association, as the exclusive bargaining agent and representative for a unit composed of:

Teachers,
Specialists,
Guidance Counselors,
Librarians and other professional media personnel,
Assistant(s) to the Principal(s), Social Workers, Nurses
and all other Personnel whose duties are primarily teaching.

- B. Unless otherwise indicated, the employees in the above unit hereinafter will be referred to as “teachers”.
- C. Specifically excluded from the unit are the Superintendent, Assistant Superintendent, Directors, Principals, Secondary Assistant Principals, Coordinators, Department Heads, and the Manager of Administration and Finance.
- D. If a member of the bargaining unit resigns, retires, or dies during the work year or is expected to be absent on leave for at least one-half of the teacher work year, then a substitute teacher hired to fill in for such absent teacher shall, commencing with her/his 91st school day school day, be a member of the bargaining unit.

ARTICLE 2 – MANAGEMENT RIGHTS AND RESPONSIBILITIES

Except as specifically limited by this Agreement, the Committee retains all of the powers, rights and duties that it has by law pursuant to MGL c. 71, as amended by the Education Reform Act of 1993 and any amendments thereto, and may exercise the same at its discretion without any such exercise being the subject of the grievance and arbitration procedures. Specifically, these powers, rights and duties include, without being limited to:

1. directing and controlling the use of school facilities;
2. selecting, assigning and employing personnel;
3. evaluating personnel;
4. obtaining and contracting for materials, services, supplies and equipment consistent with budgetary resources and educational needs;
5. establishing curriculum, student discipline policies and safety regulations with input from the Danvers Teachers Association; and
6. purchasing educational materials, text books, software and library reference materials consistent with applicable state law and with input from the Danvers Teachers Association and its members.

The failure of the Committee to exercise any of the rights as provided in this Article shall not be construed as a waiver of these rights. None of these rights shall be exercised by the Committee contrary to any provisions of this Agreement.

ARTICLE 3 – GRIEVANCE PROCEDURE

A. Definition

A “grievance” is any question as to the interpretation and/or application of this Agreement, or any subsequent agreement entered into pursuant to this Agreement.

B. Purpose

1. The purpose of this procedure is to secure, at the lowest possible administrative level, equitable solutions to those problems which affect the working conditions of teachers. Both parties agree that these proceedings will be kept as informal and confidential as may be appropriate at any level of the procedure.
2. Nothing herein contained will be construed as limiting the right of any teacher having a complaint to discuss the matter informally with any appropriate member of the administration, and having the complaint adjusted without intervention of the Association, providing the adjustment is not inconsistent with the terms of this Agreement and that the Association has been given the opportunity to be present and to state its views at such adjustment if acceptable to the individual.

C. Procedure

A grievance shall be initiated within 20 school days of the event giving rise to the grievance or the grievant's knowledge thereof.

Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level should be considered as maximum and every effort should be made to expedite the process. The time limits specified can, however, be extended in writing by mutual agreement.

If a grievance left unresolved until the beginning of the following school year could result in irreparable harm to the grievant, the time limits set forth herein will be reduced so that the grievance procedure may be exhausted prior to the end of the school term or as soon thereafter as is practicable.

1. **Level One.** A teacher with a grievance will first discuss it with his principal or immediate supervisor either directly or through the Association with the objective of resolving the matter

informally.

2. **Level Two.** If the grievance is not resolved to the satisfaction of the grievant within five (5) school days, the Association President may submit, in writing, the grievance to the Superintendent. The written statement of the grievance shall include: (1) the basic facts pertinent to the grievance and (2) provision(s) of the Agreement claimed to be relevant to the grievance. By providing such information in writing, the Association waives no rights to present additional pertinent facts and/or to cite additional provision(s) of the Agreement during the processing of the grievance. Within five (5) school days after the receipt of the written grievance, the Superintendent and/or his/her authorized representative shall meet with the aggrieved employee and not more than three (3) Association representatives in an effort to resolve this matter.
3. **Level Three.** If the grievance is still unresolved within ten (10) school days after said meeting, the Association President may submit, in writing, the grievance to the Committee. At the next regularly scheduled meeting of the School Committee or within thirty (30) days after receipt of the written grievance, whichever is sooner, the School Committee shall meet with the aggrieved employee and Association representative in an effort to resolve this matter, said meeting to take place in executive session one-half hour prior to the start of the regular meeting of the Committee. All meetings at this level shall include only parties in interest and their authorized, designated representatives.
4. **Level Four.** If the grievance cannot be resolved by and between the Committee, the aggrieved employee, and the Association within fifteen (15) school days after the meeting held in Level Three, then the matter may be submitted for arbitration within ten (10) school days thereafter by either the Committee or the Association with the American Arbitration Association in accordance with its labor arbitration rules or with the State Board of Conciliation and Arbitration in accordance with its rules. The arbitrator cannot add to, detract from, or otherwise modify the terms of this Agreement or any subsequent agreement entered into pursuant to this Agreement. The decision of the Arbitrator shall be final and binding on the parties. The cost (fee and expenses) of the arbitrator shall be borne equally by the parties. Either party, at its own expense, retains its right of appeal as provided in Chapter 150C of the General Laws.

D. **Rights of Teachers to Representation**

Any party in interest may be represented at all stages of the grievance procedure by a person of her/his own choosing, except that he/she may not be represented by a representative or by an officer of any teaching organization other than the Association or its designated representative. When a teacher is not represented by the Association, the Association shall have the right to be present and to state its views at all stages of the grievance procedure.

E. **Miscellaneous**

1. If a grievance affects a group or class of teachers, the Association President may submit such grievance in writing to the Superintendent directly, and the processing of such grievance will be commenced at Level Two. The Association may process such a grievance through all levels of the grievance procedure even though the aggrieved person does not wish to do so.
2. Decisions rendered at Levels One, Two and Three of the grievance procedure may be in writing setting forth the decision and the reasons therefore, if requested by the aggrieved, and will be transmitted promptly to all parties in interest and to the Association President. However, for any grievance resolved at Level One, Two or Three to the mutual satisfaction of the grievant and the parties, said resolution shall be reduced in writing and delivered to all parties in interest, including the Superintendent and the President of the Association.

3. All documents, communications and records dealing with the processing of the grievance will be filed separately from the personnel files of the grievant. It is understood that any such records maintained will be solely for historical information and shall not be used against any employee in any way.
4. When it is necessary for one representative of the Association and/or the grievant to attend a grievance meeting or hearing at any level of the grievance procedure that is held during the school day, he/she will, upon notice by the Association President to the building principal or immediate supervisor and to the Superintendent, be released from normal responsibilities without loss of pay in order to participate in said meeting(s) or hearing(s).

ARTICLE 4 – SALARIES

- A. The salaries of all persons covered by this Agreement are set forth in Appendix A which is attached hereto and made a part hereof.
- B. Teachers will have the option of either of the following pay plans:
 1. 26 Pays. Each teacher will be paid in twenty-six (26) equal installments between September 1 and August 31 with first 21 pays on alternate Thursdays and the balance of her/his earned pay (installments 22-26) on the last teacher workday of the school year upon satisfactory check-out with her/his building principal.
 2. 22 Pays. In lieu of the above plan, upon submitting written notice to the Superintendent by June 15 of any given year, any teacher may elect to be paid in twenty-two (22) equal installments between September 1 and the end of the teacher work year with the first 21 pays on alternate Thursdays and the last pay on the last teacher workday of the school year upon satisfactory check-out with her/his building principal.

NOTE: Should any employee erroneously receive monies to which the employee is not entitled, the employee shall forthwith reimburse the Town upon demand for reimbursement of such monies.

- C. An employee who works at least one-half of the school year shall advance to the next step of the salary schedule of her/his appropriate column. This provision applies to new hires who commence employment after the start of the school year and to a teacher on an extended leave for part of the school year, except as otherwise specified in this Agreement for any extended leaves.
- D. Teachers who submit appropriate documentation (transcript or letter of successful completion of the course or program, with transcript to follow if applicable) for column movement and/or Appendix C differentials shall be eligible for the additional compensation based on the following table:

Date of Submission:	Effective Date of Additional Compensation
Prior to August 31	First pay date of the school year
After August 31, but prior to November 10	First pay date in December
After November 10, but prior to February 10	First pay date in March
After February 10, but prior to May 10	First pay date in June

Retroactive compensation shall be paid so that total compensation due is consistent with the actual date of submission, but actual changes shall only be made effective on the dates indicated above. However, anyone eligible for column movement or an Appendix C differential who does not submit her/his

documentation by May 10 shall not be eligible for additional compensation in the then current fiscal year.

- E. Teachers will receive their checks directly from the principal or assistant principal between the hours of 12:00 noon and the end of the teacher workday, so long as no teachers' teaching duties will be interrupted or interfered with in any way.
- F. Salaries excluding those set forth in Appendix A will be paid by separate checks.
- G. The substitute teacher who becomes a unit member in accordance with the terms of Article 1, Section D, shall be paid as of the first day of her/his position at the appropriate rate on the salary schedule as if said teacher had been originally employed as a full-time teacher in the Danvers School System.

ARTICLE 5 – TEACHING HOURS AND TEACHING LOAD

- A. 1. The workday of each teacher shall consist of seven (7) hours and twenty-five (25) minutes of continuous time for school year. Said workday to begin no earlier than 7:20 a.m. and to end no later than 3:10 p.m. Some of this additional time, if necessary to provide adequate passing time between classes, may be added to the student day; it is understood, however, that this additional time will not be used as instructional time. In the event there is a shift from Eastern Standard Time to Daylight Savings Time during the period of November 1 to April 1, the workday ending time is subject to modification by the Superintendent, said ending time to be extended by no more than one (1) hour beyond the aforementioned 3:10 p.m.
- 2. At the Middle School and High School level, said workday shall include at least forty (40) minutes of combined time daily of teacher presence before the students' formal starting time and after the students' dismissal time, said forty (40) minutes to include at least ten (10) minutes before the formal starting time for students.
- 3. At the elementary level, said workday shall include at least seventy (70) minutes of combined time daily of teacher presence before the students' formal starting time and after the students' dismissal time, said seventy (70) minutes to include at least thirty (30) minutes after the dismissal time for students, thirty (30) minutes of which shall be for the purposes of conducting parent conferences and co-operative planning by teachers in order to meet more effectively the individual needs of students.
- 4. The Superintendent and President shall meet as may be necessary with respect to any problem(s) that may arise regarding teaching an extra periods (D-2) or having a fourth preparation (D-3) in an effort to resolve any such problem(s).
- 5. Personnel other than classroom teachers will work their assigned tasks for the length of the regular teacher's workday. It is recognized, however, that the proper performance in a particular position may require the individual filling said position to work other than the normal working day. The exact daily schedule will be worked out on an individual basis.
- 6. Extended Block (“Flex-time”) The parties will form a study committee in September 2017 that will examine the elementary flex time block. The study committee will make recommendations to parties no later than May 1, 2018. The study committee recommendations will be negotiated at the request of either party.
- 7. Early Release Days – The Committee may convert early release days to full student days to augment instructional time except on the first 3 days of school in September and the last school day in June, subject to no loss of the credit benefits in paragraph 5 of Section A of Article 6 – Time and Learning.

B. 1. Teachers may be required to remain after the end of the regular workday, without additional compensation, for up to one (1) hour to attend staff meetings. Said meetings shall be scheduled to start after the dismissal of students, and there will be no increase in the length of time of said meetings as a result of the earlier start of the meetings. Part-time personnel will be expected to fulfill their professional obligations, specifically in reference to Sections a. and b. below and H. 1. of this Article, in proportion to their part-time status.

Staff meetings are:

- a. Two days each month - One Building Meeting called by the school principal (the traditional monthly faculty meeting) and one Building Meeting for discussing and resolving site-based issues.
- b. One day each month - Curriculum Meetings or other meetings authorized by the Superintendent. In addition to the foregoing curriculum meetings or other meetings authorized by the Superintendent, the Superintendent or her/his designee(s) may conduct curriculum meetings an additional five (5) hours per school year. The additional five hours may be utilized to extend any of the foregoing curriculum meetings by an additional hour (with no such curriculum meeting exceeding 2 hours in length except by mutual agreement) or as a separate additional one-hour or two-hour curriculum meeting. For each hour of these additional curriculum meetings teachers at an elementary school(s), the Middle School or the High School attend, there shall be corresponding release time for students of those teachers affected.
- c. No such meeting in "a" or "b" above shall continue beyond 4:05 p.m.

2. Teachers may be required to attend two (2) evening meetings each year in order to provide for an open house at the teacher's assigned school.
3. Attendance at all other evening meetings will be at the option of the individual teacher.

C. Teachers will have a duty-free lunch period of at least the following lengths:

1. Elementary School (Grades K through 5) - thirty (30) minutes.
2. Middle School - Equivalent to students' Lunch Period.
3. Senior High School - Equivalent to students' Lunch Period.

NOTE: Lunch periods will begin no earlier than 11:00 a.m.

D. 1. Each Middle and Senior High School teacher will not be assigned more than seven (7) periods per day, consisting of the following:

- a. At least one free period;
- b. Not more than 5 student supervision periods* (except as provided in "c" or "d" below); and

*NOTE: At the Middle School one student supervision period per six day cycle shall be designated for either the advisor/advisee program or for an activity period program (as may be determined from time to time). This period shall be rotated so that each teacher will teach no more than 5 classes per day (including the advisor/advisee program and the activity period program) except on those days 1) when such program is scheduled on a teacher's free period, in which event the teacher will have her/his

free period during the period otherwise scheduled for a non-teaching assigned period, or 2) when such program is scheduled on the period of a teacher's non-teaching assigned period, in which event the teacher will conduct such program instead.

- c. At the High School, a non-teaching supervisory period scheduled in a manner so that the actual need for non-teaching supervisory periods are met. Such supervisory periods shall be equitably distributed and rotated among high school teachers for those non-teaching supervisory assignments traditionally performed by high school teachers. Although this essentially involves non-teaching supervisory periods, to the extent that other periods remain available in a teacher's schedule, such periods may be used for non-supervisory periods. The change in language in this subsection will not be used to initiate "make work" assignments.

At the Middle School, one period a day to be utilized as follows during each six day cycle:

- i. Three common planning periods for each team of teachers;
- ii. One planning period for the advisor/advisee program or activity period program;

NOTE: Two school months prior to any implementation of the activity period program referred to in "ii" above, teachers will be so informed in order to provide them with sufficient time to select activities, with approval by the Principal. The activities will run approximately six weeks each.

Simultaneously, an activity period program advisory committee shall be established consisting of the following membership:

1. Four members of the DTA to be selected by the President of the DTA.
2. Three members of the Administration to be selected by the Superintendent.
3. The Principal of the Middle School.

The Principal of the Middle School shall chair the advisory committee which shall meet at reasonable times for reasonable periods to study and review the activity period program. The advisory committee shall submit to the School Committee in writing any recommendations or changes concerning the activity period programs. The meetings of the advisory committee shall not interfere with classroom instruction and/or the teaching program of its members. The School Committee shall determine whether to continue said activity period programs, whether modified or otherwise.

- iii. Non-teaching supervisory periods otherwise assigned in the same manner as described above for high school teachers.

The School Committee shall determine whether to continue said Activity programs, whether modified or otherwise.

- d. An additional period as set forth in Section D.2.
2. An additional teaching period (i.e. - a sixth class for academic teachers) may be assigned to a teacher for the purpose of providing additional curricular, additional offerings of present curricular, flexibility of scheduling and academic program options in the secondary schools

according to the terms and conditions below:

- a. No more than 7 teachers may be assigned an (one) additional teaching period in each semester, and no more than two teachers per subject area may be so assigned an additional teaching period.
 - b. No teacher assigned a fourth preparation under 5. D. 3. may be assigned involuntarily an additional class.
 - c. The Superintendent shall seek volunteers by giving written notice to all secondary teachers at least five (5) school days prior to making the assignment. Certified teachers interested in teaching an additional class should notify the Superintendent within three (3) school days of sending said notice to the teachers. If there are one or more volunteer applicants for any such additional teaching assignment, the Superintendent shall make the assignment from among the volunteer applicant(s). Such assignment(s) to volunteer(s) shall be made on a rotating basis prior to any volunteer being assigned an additional class a second time.
 - d. When there is no volunteer applicant for teaching an additional class, the Superintendent may assign a teacher involuntarily from the impacted subject area to teach the additional class. Such assignment shall be made on a rotating basis to teachers in such subject area prior to any teacher being assigned involuntarily to teach an additional class a second time (and a third time, etc.). In no event shall any teacher be assigned involuntarily to teach an additional class more than one year every two years.
 - e. Any teacher assigned to teach an additional class shall have no increase in the maximum number of students assigned as stated in the NOTE under Section B of Article 6.
Therefore:
 - for any Senior High School English teacher assigned an additional, or sixth, teaching period, the maximum number of students assigned daily shall be 100; and
 - for any other academic teacher, including Middle School English teachers, assigned an additional teaching period, the maximum number of students assigned to said teacher shall be 125.
 - f. Any teacher assigned an additional class according to the terms of this Section shall be provided this additional compensation per class period as set forth in sub-section 8-a of Appendix A. When a teacher assigned to teach an additional class is absent from school that day, said teacher shall be provided this additional compensation until the number of consecutive days of absence exceeds the number of consecutive days of the first three (3) classes that the absent teacher is scheduled to teach the additional class. For example, a teacher assigned an additional class every day and who is absent a week shall receive three (3) class periods of additional compensation while absent, and a teacher assigned an additional class every other day and who is absent four (4) consecutive school days shall receive two (2) class periods of additional compensation.
 - g. The utilization of an additional teaching period shall not be used as a device to reduce teachers.
3. Except as provided below, Middle and High School teachers (grades 6-12) will not be required to teach more than 2 subject areas (English, Social Studies, Mathematics, Science, etc.) nor more than a total of 3 teaching preparations within said subject areas at any one time. For purposes of this Section only, each world language shall be considered as a subject area; i.e. French, German,

Spanish and Latin are to be counted as separate subject areas in applying the two-subject rule above. Middle School teachers who volunteer to do so may teach in more than two subject areas, provided that such is consistent with one's area(s) of certification and the rules and regulations of the Department of Education.

In limited circumstances, for the purpose of providing additional curricula, additional offerings of present curricula, flexibility of scheduling and academic program options in the secondary schools, teacher(s) may be assigned a fourth preparation according to the following terms and conditions:

- a. No teacher assigned to teach an additional period under 5.D.1.d. will be assigned involuntarily a fourth preparation.
 - b. The Superintendent shall seek volunteers for a fourth preparation prior to assigning a fourth preparation to a teacher involuntarily.
 - c. No teacher will be involuntarily assigned a fourth preparation more than one year every two years.
 - d. If a teacher has two courses (e.g. French IV and V) combined in a single class period, those 2 courses shall count as 2 preparations unless it is taught as a single course with one syllabus.
 - e. For any teacher assigned to teach 5 periods daily and who is assigned 4 preparations (voluntary or involuntary), the maximum number of students assigned to said teacher shall be 110 instead of 125. For a teacher assigned to teach 4 periods daily, the maximum number of students assigned daily shall remain at 100.
 - f. The utilization of a fourth preparation shall not be used as a device to reduce teachers.
4. The Superintendent and President shall meet as may be necessary with respect to any problem(s) that may arise regarding teaching an extra period (D-2) or having a fourth preparation (D-3) in an effort to resolve any such problems(s).
- E. Each elementary teacher, grades 1-5 will be assigned:
1. At least two hundred (200) minutes weekly of free time, said time for each classroom teacher to be scheduled in those periods when a teaching specialist is scheduled to conduct the class, or when the administration has planned some other program or activity. Any such period will be at least thirty (30) minutes in length. Such period will be scheduled on at least four (4) days per week for each teacher. When staffing allows, each teacher will be scheduled a minimum of thirty (30) minutes on five (5) days per week.
 2. The parties agree that finding an additional 30 minutes for all teachers on the fifth day is a priority. The parties, therefore agree that they shall meet each spring (beginning in 2006) to review the proposed schedules in each elementary building for purposes of scheduling an additional 30 minutes of CPT (common planning time) on the fifth day. If sufficient subject area specialists (for example, music, art, physical education, health, library/computers) are scheduled to be employed in a building which makes the scheduling of a fifth period and weekly CPT feasible the following year, the building principal shall so schedule the staff.
 3. Schedules for all other teachers at the elementary level, including kindergarten teachers, will be arranged to reflect comparably scheduled periods of free time.
- F. No teacher will be required to relinquish free periods or non-teaching supervisory periods, whether

assigned or unassigned, for the purpose of substituting for teachers absent at the start of the workday. It is expected that in an emergency situation, such as when a teacher finds it necessary to leave during the workday, other teachers will volunteer to cover classes left vacant. However, if a teacher does so substitute, he/she will be reimbursed at the hourly rate set forth in sub-section 8-b of Appendix A.

- G. Exceptions to the provisions of Sections B, C and D above may be made only if the Superintendent determines that it is necessary to do so in the best interest of the educational process, including such purposes as In-Service Workshops and NEAS&C secondary school evaluations. The Association will be notified of each instance in which the Superintendent so determines, such determination not to be in an unreasonable manner or without basis in fact. When such exceptions to the provisions of Sections B, C and D occur, compensation shall be provided as in F above.

H. Teacher Work Year

1. Starting in the 2018-19 school year the work year of teachers will begin no earlier than the week before Labor Day and will end no later than June 30 and will consist of no more than 184 days. Said work year will begin the Wednesday before Labor Day with two mandatory professional development days. The Friday before Labor Day will not be a work day for teachers. The school year will end no more than one day after the students are required to be in attendance. The Committee will reduce the calendar of school days for the students' attendance to the number required by the Massachusetts Department of Education minimum regulations in any year regardless of the planned calendar. Final exams shall not be scheduled on the last day for students. For personnel new to the Danvers School System, two (2) additional days of orientation are required.

The work year will include:

- a. The first three days of the work year, which shall be without students (3 days);
 - b. 180 days when students are in attendance(183 days);
 - c. conference day scheduled in December (184 days);
 - d. the next business day after the last day for students for those teachers who have not completed their required annual work duties. [NOTE: The work year for teachers will end on the last day students are required to be in attendance in all cases where all required annual teacher's work duties have been completed.]
2. Non-mandatory professional development days scheduled before and after the school year shall be implemented with each teacher being able to select one of the following options appropriate to her/him:
 - a. Any teacher with an M+60 or Doctorate and in addition who has earned 18 or more credits in Appendix C courses and who participates in this program shall be compensated at the applicable professional development hourly rate for up to six (6) hours for said participation.
 - b. Any teacher other than as defined in "a" above and who participates in this program shall receive one (1) credit under the terms of Appendix C.
 - c. A teacher may elect not to participate in this program.
- I. Each teacher will be allowed 10 minutes for personal hygiene between 8:00 a.m. and the lunch period.
- J. All Unit A personnel will share on a rotating basis non-teaching responsibilities.

- K. Whenever possible, CET meetings will be held during the regular teacher workday. Any teacher who attends a Core Evaluation Meeting during her/his free period and/or outside the length of the teacher's regular school day will be compensated at the hourly rate set forth in sub-section 8-c of Appendix A.
- L. Grades:
1. For elementary schools (K-5), grades during the school year will be due seven (7) school days after the last day of the term in the A.M.
 2. For the middle school (6-8), grades for the first, second and third quarters will be due seven full days after the last day of the term. Disk will be due seven (7) full school days after and verification sheets eight full days after the last day of the term respectively. Progress reports will be treated in a like manner.
 3. For the high school (9-12), grades for first and third terms will be due six school days after the last day of the term in the A.M. Grades for second term only will be due six (6) school days after the last exam day or the last day of the term, whichever comes later, in the A.M. Scan sheets will be due six days after and verification sheets seven days after the last exam day of the term, as the case may be. Progress reports will be treated in a like manner.
 4. ALL LEVELS – At the end of each marking period, the second monthly faculty meeting will be devoted to inputting grades. The process of inputting grades will continue to be refined as per the study committee on report cards. During the week that grades are being processed, no administrative meetings will occur. All other meetings will be held only if necessary. For the last marking period only, grades will be due the last day of school for teachers.
 5. It is understood that this shall determine grading procedures unless further discussions need to take place because of technological advances.

M. Any science teacher teaching in excess of thirty (30) periods in a six (6) day cycle shall be compensated at the rate per period set forth in sub-section 8-d of Appendix A.

N. Elementary Team Meetings

In order to provide for team planning and/or team activities at the elementary level, elementary teachers shall be scheduled for a thirty (30) minute team planning period per week. Whenever possible, this thirty (30) minute team planning period shall be scheduled during the regular student day. When it is not possible to do so, this thirty (30) minute team planning period shall be scheduled either before or after school, depending on when the longer block of time is for each school. The specific day for this team planning period shall be set by each team, subject to the reasonable approval of the principal. No teacher shall be required to attend more than one such meeting per week. When this team planning period takes place before or after the regular student day, each teacher shall be provided additional time as follows: thirty (30) minutes of individual planning time every other week when the health specialist is teaching her/his class and five (5) minutes added to the teacher's duty-free lunch each day. Specialists shall be treated in a like manner.

ARTICLE 6 – TIME AND LEARNING

The type of plan is determined by the Educator's career stage, overall performance rating, and the rating of impact on student learning, growth and achievement. There shall be four types of Educator Plans:
 - i) **Developing Educator Plan** shall mean a plan developed by the Educator and the Evaluator for three school years for an Educator without Professional Teacher Status (PTS); or, at the discretion of an Evaluator, for an Educator with PTS in a new assignment under different licensure.

- H) ***ESE:** The Massachusetts Department of Elementary and Secondary Education.
- I) ***Evaluation:** The ongoing process of defining goals and identifying, gathering, and using information as part of a process to improve professional performance (the “formative evaluation” and “formative assessment”) and to assess total job effectiveness and make personnel decisions (the “summative evaluation”).
- J) ***Evaluator:** The building administrator, building assistant principal, curriculum directors and any other licensed full time employee of the District designated by a superintendent who has primary or supervisory responsibility for observation and evaluation. The superintendent is responsible for ensuring that all Evaluators have training in the principles of supervision and evaluation. Each Educator will have one primary Evaluator at any one time responsible for determining performance ratings.
- i) **Primary Evaluator** shall be the person who determines the Educator's performance ratings and evaluation.
 - ii) **Supervising Evaluator** shall be the person responsible for developing the Educator Plan, supervising the Educator's progress through formative assessments, evaluating the Educator's progress toward attaining the Educator Plan goals, and making recommendations about the evaluation ratings to the primary Evaluator at the end of the Educator Plan. The Supervising Evaluator may be the primary Evaluator or his/her designee.
 - iii) **Teaching Staff Assigned to More Than One Building:** Each Educator who is assigned to more than one building will be evaluated by the appropriate administrator where the individual is assigned most of the time. The principal of each building in which the Educator serves must review and sign the evaluation, and may add written comments. In cases where there is no predominate assignment, the superintendent will determine who the primary evaluator will be.
 - iv) **Notification:** The Educator shall be notified in writing of his/her primary Evaluator and supervising Evaluator, if any, at the outset of each new evaluation cycle (by October 1st).

An educator may bring a substantive concern about assigned evaluator to the principal for a change consideration. The Evaluator(s) may be changed upon notification in writing to the Educator

- K) **Evaluation Cycle:** A five-component process that all Educators follow consisting of 1) Self-Assessment; 2) Goal-setting and Educator Plan development; 3) Implementation of the Plan; 4) Formative Assessment/Evaluation; and 5) Summative Evaluation.
- L) ***Experienced Educator:** An educator with Professional Teacher Status (PTS).
- M) ***Family:** Includes students' parents, legal guardians, foster parents, or primary caregivers.
- N) ***Formative Assessment:** The process used to assess progress towards attaining goals set forth in Educator plans, performance on standards, or both. This process may take place at any time(s) during the cycle of evaluation, but typically takes place at mid-cycle.
- O) ***Formative Evaluation:** An evaluation conducted at the end of Year 1 for an Educator on a 2-year Self-Directed Growth plan which is used to arrive at a rating on progress towards attaining the goals set forth in the Educator Plan, performance on Standards and Indicators of Effective Teaching Practice, or both.
- P) ***Goal:** A specific, actionable, and measurable area of improvement as set forth in an Educator's plan. A goal may pertain to any or all of the following: Educator practice in relation to Performance Standards, Educator practice in relation to indicators, or specified improvement in student learning, growth and achievement. Goals may be developed by individual Educators, by the Evaluator, or by teams, departments, or groups of Educators who have the same role.
- Q) ***Measurable:** That which can be classified or estimated in relation to a scale, rubric, or standards.
- R) **Multiple Measures of Student Learning:** Measures must include a combination of classroom, school and district assessments, student growth percentiles on state assessments, if state assessments are available, and student MEPA gain scores. This definition may be revised as required by regulations or agreement of the parties upon issuance of ESE guidance expected by July 2012.
- S) ***Observation:** A data gathering process that includes notes and judgments made during one or more classroom or worksite visits(s) of any duration by the Evaluator and may include examination of artifacts of practice including student work. An observation may occur in person or through video as agreed upon by the educator and evaluator. Video observations will be done openly and with knowledge of the Educator. The parties agree to bargain the protocols of video observations should either party wish to adopt such practice. Classroom or worksite observations conducted pursuant to this article must result in feedback to the Educator. Observations shall not occur on the half-day before Thanksgiving and day before December, February, and April vacations. Normal supervisory responsibilities of department, building and district administrators will also cause administrators to drop in on classes and other activities in the worksite at various times as deemed necessary by the administrator. Carrying out these supervisory responsibilities, when they do not result in targeted and constructive feedback to the Educator, are not observations as defined in this Article.
- T) **Parties:** The parties to this agreement are the Danvers school committee and the Danvers Teachers Association that represents the Educators covered by this agreement for purposes of collective bargaining ("Employee Organization/Association").

- U) ***Performance Rating:** Describes the Educator's performance on each performance standard and overall. There shall be four performance ratings:
- Exemplary: the Educator's performance consistently and significantly exceeds the requirements of a standard or overall. The rating of exemplary on a standard indicates that practice significantly exceeds proficient and could serve as a model of practice on that standard district-wide.
 - Proficient: the Educator's performance fully and consistently meets the requirements of a standard or overall. Proficient practice is understood to be fully satisfactory.
 - Needs Improvement: the Educator's performance on a standard or overall is below the requirements of a standard or overall, but is not considered to be unsatisfactory at this time. Improvement is necessary and expected.
 - Unsatisfactory: the Educator's performance on a standard or overall has not significantly improved following a rating of needs improvement, or the Educator's performance is consistently below the requirements of a standard or overall and is considered inadequate, or both.
- V) ***Performance Standards:** Locally developed standards and indicators pursuant to M.G.L. c. 71, § 38 and consistent with, and supplemental to 603 CMR 35.00. The parties may agree to limit standards and indicators to those set forth in 603 CMR 35.03.
- W) ***Professional Teacher Status:** PTS is the status granted to an Educator pursuant to M.G.L. c. 71, § 41.
- X) **Rating of Educator Impact on Student Learning:** A rating of high, moderate or low based on trends and patterns on state assessments and district-determined measures. The parties will negotiate the process for using state and district-determined measures to arrive at an Educator's rating of impact on student learning, growth and achievement, using guidance and model contract language from ESE, expected by July 2012.
- Y) **Rating of Overall Educator Performance:** The Educator's overall performance rating is based on the Evaluator's professional judgment and examination of evidence of the Educator's performance against the four Performance Standards and the Educator's attainment of goals set forth in the Educator Plan, as follows:
- i) Standard 1: Curriculum, Planning and Assessment
 - ii) Standard 2: Teaching All Students
 - iii) Standard 3: Family and Community Engagement
 - iv) Standard 4: Professional Culture
 - v) Attainment of Professional Practice Goal(s)
 - vi) Attainment of Student Learning Goal(s)
- Z) ***Rubric:** A scoring tool that describes characteristics of practice or artifacts at different levels of performance. The rubrics for Standards and Indicators of Effective Teaching Practice are used to rate Educators on Performance Standards, these rubrics consists of:

- i) Standards: Describes broad categories of professional practice, including those required in 603 CMR 35.03
 - ii) Indicators: Describes aspects of each standard, including those required in 603 CMR 35.03
 - iii) Elements: Defines the individual components under each indicator
 - iv) Descriptors: Describes practice at four levels of performance for each element
- AA) ***Summative Evaluation:** An evaluation used to arrive at a rating on each standard, an overall rating, and as a basis to make personnel decisions. The summative evaluation includes the Evaluator's judgments of the Educator's performance against Performance Standards and the Educator's attainment of goals set forth in the Educator's Plan. The summative evaluation rating must be based on evidence from multiple categories of evidence. MCAS growth scores cannot be the sole basis for a summative evaluation rating. To be rated Proficient overall, an educator shall, at a minimum, have been rated Proficient on the Curriculum, Planning and Assessment and the Teaching all Students standards for teachers. Evaluations used to determine the educator's overall performance rating and the rating on each of the four standards may inform personnel decisions such as reassignments, transfers, PTS or dismissal pursuant to Massachusetts general laws.
- BB) ***Superintendent:** The person employed by the school committee pursuant to M.G.L. c. 71 §59 and §59A. The superintendent is responsible for the implementation of 603 CMR 35.00.
- CC) ***Teacher:** An Educator employed in a position requiring a certificate or license as described in 603 CMR 7.04(3)(a, b, and d) and in the area of vocational education as provided in 603 CMR 4.00. Teachers may include, for example, classroom teachers, librarians, guidance counselors, speech and language specialists, social workers, school psychologists or school nurses.
- DD) ***Trends in student learning:** At least two years of data from the district-determined measures and state assessments used in determining the Educator's rating on impact on student learning as high, moderate or low.

- B) Judgments based on observations and artifacts of practice including:
 - i) Unannounced observations of practice of any duration.

 - (b) Evidence of active outreach to and engagement with families;
 - ii) Evidence of progress towards professional practice goal(s);
 - iii) Evidence of progress toward student learning outcomes goal(s).

The collection of evidence can include artifacts from the two-year cycle. All evidence should include a reflection of how that piece fulfilled the particular element. The reflection can take any form – sticky note, handwritten/typewritten on a piece of paper, or handwritten/typewritten on DESE's Artifact Cover page.

- E) While all indicators in the Teacher Rubric are important, during any given school year we will be focused on specific elements of evaluation. When considering evidence of indicators of State Performance Standards, such indicators shall be prioritized for each educator such that not more than one-third of said indicators may be considered.

The Priority Standards will be set no later than November 1 of year 1 of the educator's plan. PTS educators who are in the summative year of an evaluation cycle when a change is made may choose to keep the previous elements for their binder until the beginning of the next evaluation cycle.

4) **Rubric**

The rubrics are a scoring tool used for the Educator's self-assessment, the formative assessment, the formative evaluation and the summative evaluation. The districts may use either the rubrics provided by ESE or comparably rigorous and comprehensive rubrics developed or adopted by the district and reviewed by ESE.

5) **Evaluation Cycle: Training**

- A) Prior to the implementation of the new evaluation process contained in this article, districts shall arrange training for all Educators, principals, and other evaluators that outlines the components of the new evaluation process and provides an explanation of the evaluation cycle. The district through the superintendent shall determine the type and quality of training based on guidance provided by ESE.
- B) By November 1st of the first year of this agreement, all Educators shall complete a professional learning activity about self-assessment and goal setting satisfactory to the superintendent or principal. Any Educator hired after the November 1st date, and who has not previously completed such an activity, shall complete such a professional learning activity about self-assessment and goal setting within three months of the date of hire. The district through the superintendent shall determine the type and quality of the learning activity based on guidance provided by ESE.

6) **Evaluation Cycle: Annual Orientation**

- A) At the start of each school year, the superintendent, principal or designee shall conduct a meeting for Educators and Evaluators focused substantially on educator evaluation. The superintendent, principal or designee shall:
- i) Provide an overview of the evaluation process, including goal setting and the educator plans.
 - ii) Provide all Educators with directions for obtaining a copy of the forms used by the district. These may be electronically provided.
 - iii. The faculty meeting may be digitally recorded to facilitate orientation of Educators hired after the beginning of the school year, provided that an announcement is made at the beginning of the meeting that it is being recorded.

7) **Evaluation Cycle: Self-Assessment**

- A) Completing the Self-Assessment
- i) The evaluation cycle begins with the Educator completing and submitting to the Primary or Supervising Evaluator a self-assessment by October 1st (November 1st for first-year of implementation) or within four weeks of the start of their employment at the school.
 - ii) The self-assessment includes:
 - (a) An analysis of evidence of student learning, growth and achievement for students under the Educator's responsibility.
 - (b) An assessment of practice against each of the four Performance Standards of effective practice using the district's rubric.
 - (c) Proposed goals to pursue:
 - (1) At least one goal directly related to improving the Educator's own professional practice.

- B) Proposing the goals
- i) Educators must consider goals for grade-level, subject-area, department teams, or other groups of Educators who share responsibility for student learning and results, except as provided in (ii) below. Educators may meet with teams to consider establishing team goals. Evaluators may participate in such meetings.
 - ii) For Educators in their first year of practice, the Evaluator or his/her designee will meet with each Educator by October 1st (or within four weeks of the Educator's first day of employment if the Educator begins employment after September 15th) to assist the Educator in completing the self-assessment and drafting the professional practice and student learning goals which must include induction and mentoring activities.
 - iii) Unless the Evaluator indicates that an Educator in his/her second or third years of practice should continue to address induction and mentoring goals pursuant to 603 CMR 7.12, the Educator may address shared grade level or subject area team goals.

In addition, these Educators may include individual professional practice goals that address enhancing skills that enable the Educator to share proficient practices with colleagues or develop leadership skills.
 - v) For Educators with PTS and ratings of needs improvement or unsatisfactory, the professional practice goal(s) must address specific standards and indicators identified for improvement. In addition, the goals may address shared grade level or subject area team goals.

8) **Evaluation Cycle: Goal Setting and Development of the Educator Plan**

- A) Every Educator has an Educator Plan that includes, but is not limited to, one goal related to the improvement of practice; one goal for the improvement of student learning. The Plan also outlines actions the Educator must take to attain the goals established in the Plan and benchmarks to assess progress. Goals may be developed by individual Educators, by the Evaluator, or by teams, departments, or groups of Educators who have the similar roles and/or responsibilities. See Sections 15-19 for more on Educator Plans.
- B) To determine the goals to be included in the Educator Plan, the Evaluator reviews the goals the Educator has proposed in the Self-Assessment, using evidence of Educator performance and impact on student learning, growth and achievement based on the Educator's self-assessment and other sources that Evaluator shares with the Educator. The process for determining the Educator's impact on student learning, growth and achievement will be determined after ESE issues guidance on this matter. See #22, below.
- C) Educator Plan Development Meetings shall be conducted as follows:
- i) Educators in the same school may meet with the Evaluator in teams and/or individually at the end of the previous evaluation cycle or by October 15th of the next academic year to develop their Educator Plan. Educators shall not be expected to meet during the summer hiatus.

In addition, the goals may address shared grade level or subject matter goals.
- D) The Evaluator completes the Educator Plan by November 1st. The Educator shall sign the Educator Plan within 5 school days of its receipt and may include a written response. Improvement plans may range from 50 school days up to 180 school days. The number and frequency of the observations shall be determined by the Evaluator, but in no case, shall there be fewer than one announced and three unannounced observations.

11) **Observations**

The Evaluator's first observation of the Educator should take place by November 15. Observations required by the Educator Plan should be completed by May 15th. The Evaluator may conduct additional observations after this date.

The Evaluator is not required nor expected to review all the indicators in a rubric during an observation.

A) Unannounced Observations

- ii) The Educator will be provided with at least brief written feedback from the Evaluator within 5 school days of the observation. The written feedback shall be delivered to the Educator in person or by electronic communication. If either the Educator or Evaluator requests a meeting to discuss the observation, such meeting will take place within 5 school days of receipt of the feedback.
- iii) Any observation or series of observations resulting in one or more standards judged to be unsatisfactory or needs improvement for the first time must be followed by at least one announced observation of at least 30 minutes in duration but not more than a full period (approximately 50 minutes) within 20 school days and will follow the procedures for announced observations as stated in #11B.

- C) Walkthroughs,

Learning Walks and other like procedures by another name (herein called "walkthroughs") are intended to gauge the overall climate, culture and instruction within a school, program or department, and entail walking into multiple classrooms, usually for less than five (5) minutes each. Observations from walkthroughs summarize the aggregate climate, culture and instruction rather than commenting on individual teachers, and are used to talk about observed patterns and trends across classrooms. Walkthroughs are not observations for the sake of this evaluation system but may result in feedback to individual educators. A walkthrough can be announced or unannounced. There are no limits on the number of walkthroughs that can be conducted, provided that all educators in a school shall have a similar number of such visits.

12) **Evaluation Cycle: Formative Assessment**

- A) A specific purpose for evaluation is to promote student learning, growth and achievement by providing Educators with feedback for improvement. Evaluators are expected to make frequent unannounced visits to classrooms. Evaluators are expected to give targeted constructive feedback to Educators based on their observations of practice, examination of artifacts, and analysis of multiple measures of student learning, growth and achievement in relation to the Standards and Indicators of Effective Teaching Practice.
- B) Formative Assessment may be ongoing throughout the evaluation cycle but typically takes places mid-cycle when a Formative Assessment report is completed. If more than one such teacher has been so involuntarily transferred from the same silo, the determination of the teacher initially having the right of first refusal shall be based on seniority, provided that in the Superintendent's judgment the interests of sound education are served; the Superintendent's judgment shall not be unreasonable. Any other teacher involuntarily transferred solely on the basis of certification under this Section will be returned

to her/his original (or comparable) position, if vacant and/or available, if he/she so desires, as soon as practicable, provided that in the Superintendent's judgment the interests of sound education are served; the Superintendent's judgment shall not be unreasonable.

D.

1. Prior to implementing the reduction in force the superintendent shall meet and discuss the district's intention with Association representatives. The Superintendent or his/her designee shall then meet with the affected teacher(s) and an Association representative chosen by the affected teacher(s) to discuss how the decision was made.
2. Layoffs shall be conducted within the discipline based on a teacher's job performance as reflected by the teacher's past summative overall evaluation ratings as compared to other teachers' past summative overall performance ratings in the discipline targeted to be reduced with Proficient and Exemplary considered equal. The number of summative evaluations compared will include all those evaluations written for teachers during the time equal to the most recent hired professional status teacher in the targeted discipline. If the summative overall rating is the same, the Committee may examine the ratings for the evaluation standards and determine whether the results on the individual standards warrant the retention of one teacher as opposed to another (s) and such selection serves the best interests of students. If there is a tie using the above criteria, the tie shall be broken by seniority, with the least senior teacher in the disciplined targeted laid off first.
3. Teacher(s) may be laid off due to declining enrollment, budgetary reasons, or reorganization in accordance with M.G.L. c71 s42.

NOTE: A teacher with a split assignment (i.e. - two subject area silos) shall be placed on the seniority list of the subject area silo of her/his majority assignment.

F. Bumping Rights

1. A teacher who is scheduled to be laid off from a position in the secondary schools may bump a less senior teacher in her/his subject area silo if the bumping teacher is certified in the classification in the subject area silo into which he/she requests to bump.
2. Any teacher involuntarily transferred to another subject area silo, who is scheduled to be laid off or is laid off from the new subject area silo, will have bumping rights based on her/his seniority to a position in the subject area silo from which he/she was involuntarily transferred and in which he/she is certified.

G. Seniority

1. Seniority is defined as the length of continuous service as a full-time teacher in Danvers measured from the first day for which compensation was received and shall include time spent on leaves (paid and/or unpaid) authorized by statute, appropriate policy, and/or collective bargaining agreement(s) at the time the leave(s) was (were) taken. A teacher who applied for unpaid child-rearing leave subsequent to September 1, 1980 (Article 18, Section F) and upon the effective date of this Agreement a teacher who thereafter applies for any other approved unpaid leave under Article 18 (Extended Leaves of Absence) shall not while on such leave(s) accrue seniority; this provision does not apply to any mandated federal or state law leave wherein the teacher is entitled by law to accrue seniority while on such leave.
 - a. A part-time teacher will receive pro-rated seniority for the purpose of placement on the seniority list.
2. In the event that it is necessary to break a tie in seniority, educational advancement on the salary schedule shall be determinative. If a tie still exists, the teacher with an earlier appointment date shall have seniority; in case of identical appointment dates, the Committee shall determine the order of layoff.

H. Notifications

1. Teacher(s) with professional teacher status will be laid off only at the end of a school year and will be given notice of such layoff by April 15th of that year. In the event that a layoff is a result of bumping, the notification of layoff shall not be later than May 15th of said year.
2. Based upon information available to him at the time, the Superintendent shall inform teachers via

posted notice, with a copy to the Association President, of anticipated reductions by subject area silos for the following year. Such notices shall be posted each work year on January 15th and June 1st. The June 1st notice shall inform teachers of anticipated reductions by subject area silos for the school year beginning in September of the following calendar year.

3. The Superintendent shall post seniority lists by subject area silos, including classifications, with a copy to the Association President as follows:
 - a. On a workday nearest to June 1st reflecting teacher seniority as of the immediately previous May 15th; and
 - b. On the workday nearest to February 1 reflecting teacher seniority as of the immediately previous October 1st.

I. Recall

1. Teachers with professional teacher status who have been laid off will have recall rights as described below commencing with the last day of employment and ending with the first full school day in September three years later.
2. If a vacancy occurs in a particular subject area silo and the Committee decides to fill that vacancy, then the most senior teacher eligible will be recalled to fill that position. As used herein, "eligible" shall mean:
 - a. The teacher was laid off from the subject area silo, or
 - b. The teacher has bumping rights pursuant to Section F of this Article.

The Superintendent may make, at his discretion, any transfer(s) from subject area silo to subject area silo which he deems reasonable for the benefit of the school system in order to recall senior teacher(s) on layoff.

3. Any teacher recalled will be notified of recall via registered or certified mail at her/his last address of record, with a copy sent at the same time to the Association President. A teacher shall have 15 days from the date of receipt of such notice to notify the Superintendent of her/his acceptance or rejection and to be available to start. A teacher who rejects recall or fails to respond on time shall forfeit all further rights to recall.
 4. A teacher who is recalled shall have the same benefits he had at the time of layoff with respect to tenure, unused sick leave and placement on the salary schedule but shall receive or acquire no benefits of any kind during the period of layoff except any benefits that he/she has by statute.
- J. Either party may reopen this Agreement relative to the litigated issue of whether administrator(s) in the school system are entitled to fall-back rights upon receipt of a court decision concerning the School Committee's appeal of the arbitrator decision dated September 21, 1981 of Arbitrator Richard G. Higgins. The insertion of this paragraph and its use of language may not be used by either party to apply to the substance of that litigated issue. Neither party herein waives or intends to waive its rights or positions by insertion of this clause.

ARTICLE 29 – CHAPTER 766

- B. If any provision of this Agreement or any application of the Agreement to any employee or group of employees shall be found contrary to the laws of the Commonwealth, then such provision or application shall not be deemed valid and subsisting, except to the extent permitted by law, but all other provisions or applications will continue in full force and effect.
- C. The Committee agrees to negotiate with the Association before subcontracting to any outside individual(s) or group for work traditionally performed by members of the bargaining unit.
- D. A teacher shall not be suspended or terminated (which shall not include the non-renewal of contract for teacher without professional teacher status.) without just cause. Any teacher receiving a reprimand under the provision of Section D of Article 13 shall only be reprimanded for just cause. Keeping in mind that discipline should be appropriate for the particular delinquency of professional performance, and that this shall be applied in a fair and equitable manner across the school system, the following just cause fairness standards for reprimands shall apply:
1. Typically, a reprimand is preceded by appropriate counseling and/or verbal warnings by the reprimanding principal or administrator.
 2. A reprimand of a teacher by her/his principal is deemed to be the end of discipline for the particular incident; that is, the teacher shall receive no additional discipline for the event leading to the reprimand.
 3. Stronger discipline may be applied to a teacher if there is a recurrence of a similar incident involving the same teacher.
- E. Upon request by the Association, the Committee agrees to meet with representatives of the Association at least four times each year for the purpose of discussing matters of common concern. The purpose of such meetings is not to engage in collective bargaining.
- F. The Committee, consistent with past practice and policy, intends to keep its part-time positions at a minimum. The Committee agrees that prior to implementing any changes from its past practice and policy concerning part-time positions, it will notify and consult (not negotiate) with the Association.
- G. The parties agree to establish a Health and Safety Committee consisting of three (3) members designated by the Committee and three (3) members designated by the Association for purposes of monitoring health and safety issues in the school buildings and to make recommendations with respect thereto to the Town.
- H. The Committee shall vote to accept the provisions of G.L.c. 180, section 171. An employee may authorize the Committee to deduct from her/his salary a contribution to Voice of Teachers for Education of an amount which the employee shall specify in writing. The Committee shall certify on the payroll the amount to be deducted by the Treasurer of the Town of Danvers. Such amounts shall be transmitted to the Massachusetts Teachers Association within thirty days.

I. District Safety and Security Committee

Committee and Association Representatives will convene a safety and security committee three times a year. The committee will review security procedures, development of security systems and other matters regarding the safety and security of staff, students, and the public in and on school property. The committee may meet more often as needed.

- J. Committee and Association representatives will convene a Study committee to review Teachers' constitutionally protected rights of free speech and association as defined by the First Amendment to the United States Constitution and the Massachusetts Declaration of Rights, and as interpreted by the United States Supreme Court and relevant Massachusetts courts. These rights will be reviewed in relation to technology and social media and teachers compliance with the provision of the Danvers Public Schools Social Networking Policy and possible discipline for inappropriate use of technology with students or others, or behavior online which is unprofessional.

ARTICLE 31 – AGENCY SERVICE FEE

- A. Subject to the terms and provisions of G.L. (Ter. Ed.) c 150E, s. 12 and regulations promulgated thereunder, the School Committee agrees to require as a condition of employment that all bargaining unit employees pay a service fee to the Association on or after the thirtieth (30th) day following the beginning of employment or the date of the signing of the Collective Bargaining Agreement, whichever is later. The amount of the service fee shall be equal to the amount required to become a member and remain a member in good standing in the Association. Resignation from the Association or failure to maintain good standing as an Association member shall require the employee to pay the service fee.
- B. If an employee does not pay a valid service fee after the bargaining agent has made a written demand to the employee for payment of such fee, the School Committee shall be required to, subject to the statute and its regulations promulgated there under: suspend the employee without pay for a period not to exceed five (5) working days. If the fee is paid within the five (5) working day period, the employee will return to work the next day.
- C. Indemnification/Reimbursement
1. The Association agrees to indemnify the Committee, make whole and save harmless the Committee against all claims, suits, actions or other forms of liability of whatever nature, for all damages and financial loss which the Committee may be required by any administrative agency, arbitrator, court or tribunal of competent jurisdiction, to expend, incur, pay or suffer, caused or occasioned by the deduction of such service fee from an employee(s) or out of the application (including defense or prosecution) of the terms of this service fee provision.
 2. The Association shall reimburse the Committee for any expenses incurred as a result of being ordered to reinstate any employee suspended at the request of the Association for not paying the service fee. The Association will intervene in and defend any administrative or court litigation concerning the propriety of such suspension for failure to pay the service fee. In such litigation, the Committee shall have no obligation to defend the suspension.
 3. Should the Committee defend any such action(s) taken against the Committee (and/or others) by an employee so suspended, the Association shall not be required, provided the service fee is properly implemented and lawful, to reimburse the Committee for the Committee's legal costs, fees, and expenses if the Committee has failed in good faith to enforce the five (5) work day suspension provision of this service fee clause.
- D. Service fee(s) shall be deducted as provided in Article 24 and so remitted.

In the event such a dispute is submitted to arbitration, the arbitrator shall have no power or authority to order the Committee to pay such service fee on behalf of any employee.

ARTICLE 32 – TEACHER-LEADER POSITIONS

In considering applicants, the administration will review in the area, certification(s) on file, job evaluation results which may qualify the teacher for additional recognition or responsibilities, and quality of past performance. In the event the administration determines these elements are equal, length of services may be considered, but need not be the deciding factor.

It is agreed to “grandfather” the one teacher, who does not meet all the criteria outlined in the job description for the second year of this rotation.

- B. The position of Teacher – Leader will be added to the Co-curricular component of the contract with the same stipend as the Association
- C. The exploratory/elective teacher leaders are level based.
- D. Both parties agree to review the teacher leader program as it continues to grow. The intention for the review will be to ensure all levels of teachers (Pre-K-5; 6-8 and 9-12) have representation.

ARTICLE 33 – DURATION

- A. This Agreement will be in full force and effect commencing July 1, 2014 and shall terminate on June 30, 2017.
- B. Either party desiring to present initial proposals for a successor Agreement shall do so in writing to the other party by 4:00 p.m. on October 15, 2015 (or the first workday thereafter in the event there is no school).
- C. Negotiations for a successor Agreement shall commence no later than November 1, 2016.
- D. Either the Committee or the Association may request a meeting with the other to discuss whether or not they mutually are willing to negotiate over a new idea or ideas. If so, the parties shall engage in negotiations over the matter in a good faith effort to reach agreement. There shall be no adverse effect on either party for failure to come to an agreement on the idea(s) that prompted such negotiations.

The signatures below of the representatives of the Association and the members of the Committee indicate that the parties have duly ratified this Agreement and the Appendices attached hereto, said Agreement with Appendices to be in effect from July 1, 2014 to June 30, 2017.

SETTLEMENT AGREEMENT #1

The Danvers Teachers' Association (Association) and Superintendent of Schools (Superintendent) hereby agree to settle the grievance concerning the posting of overload positions at the secondary level as follows:

1. If administration becomes aware during the summer that an overload position will be available upon return to school in the fall, the following will occur:

Notification to each teacher will be included in the Superintendent's letter that is mailed prior to our return to school.

The notification will also be posted in the office and in the teacher's rooms.

There will be a verbal notification at the Superintendent's meeting on opening day.

Applications for the overload positions will be accepted for the first three days.

The appointment to the overload position will be made by the Superintendent on the fourth day to enable the teacher to start with that class the Monday after Labor day.

2. If the overload position becomes available during the regular school year, a written notice will be placed in each teacher's mailbox. In addition, the written notice will be posted in the principal's office and in each teachers' room.

Materials used or created, if any, must be passed in.

Broad based questions pertaining to appropriate issues may be used to focus but not limit the discussions.

Seminars will be counted in blocks of no less than 15 hours. A seminar block may continue from one year to the next with the written approval of the Assistant Superintendent. A teacher must complete a 15hour block of time in a seminar for those hours to count towards Collegial Seminar Credit.

A requirement of the building seminar will be one K-12 system-wide one hour meeting per semester for the purpose of sharing what outcomes have been reached.

Additional hours may be logged by individuals who plan and facilitate said seminars, hour for hour. Also, if peer observations are part of the seminars practice, time used for individual sharing beyond the regular seminar meetings may be included. Additional situations such as training session may be included with the approval of the Principal or other appropriate administrators.

When an individual has accumulated 45 hours of seminar time, the Principal must sign off on the individual's time sheet. The teacher may then record this time for three credits under Appendix C or, for teachers who are at the top of the pay scale are offered an additional .01 of the Bachelor's Minimum to a maximum of .02 of the Bachelor's Minimum for successful completion of two such seminars. The progress of the group will be monitored on a yearly basis. The Principal will be responsible for submitting documentation to the Assistant Superintendent.

IN WITNESS WHEREOF, THE UNDERSIGNED have executed this Memorandum of Agreement.

SETTLEMENT AGREEMENT #4

JOB-SHARING AGREEMENT

The following is a framework agreed to by both the Danvers Teachers Association and the Danvers School Committee. The purpose of this agreement is to allow those represented by the DTA who would otherwise be requesting an unpaid leave of absence, to request and, if possible, participate in a job-sharing arrangement. This job-share arrangement is not to exceed the time limit for an ordinary leave, and it is not to be considered a forerunner for permanent part-time employment.

It is agreed by both parties that this issue will continue to be tried and discussed as the need arises on a case by case basis.

The framework is as follows:

A job-share may occur between two current employees as long as the logistics can be worked out.

A job-share may occur between a current employee and a new hire to round out the job as a whole.

A job-share will award the employees benefits (i.e., 15 sick days leave, health insurance, 3 personal days) equal to that of one job. They will be split equally between the participants of the job-share.

A job-share will be split equally between two employees or as closely as possible to that scenario. Possible solutions may be: 3/2 days one half year, 2/3 days the second half year; 2 ½ days all year; morning/afternoon split; others splits may be considered.

This agreement will be in place for as long as one of the participants is eligible for a leave. (2002)

Agreed to 1998

SETTLEMENT AGREEMENT #5
MEMORANDUM OF AGREEMENT

The Danvers Teachers Association and the Superintendent of Schools hereby agree to the following terms for the implementation of a flex time schedule commencing in the 2003/04 school year:

1. The flex time schedule is an extra instructional period for students only. The teacher day will consist of 7 hours and 25 minutes of continuous time. A continuous instructional day for teachers shall be observed; an exception will be made at the High School at the request of the teachers for the purpose of maintaining the rotating schedule. The overall window for Danvers teachers shall remain in force: 7:25 AM – 3:10 PM.
2. The student day shall consist of the instructional day and the additional 15 minutes for passing as described in the contract plus one class in the flex period up to 40 minutes in length. For elementary, the additional 15 minutes for the regular student day are added as follows: 5 minutes at the beginning of the day for opening exercises, 5 minutes added to the instructional day for passing purposes, and 5 minutes at the end of the day for dismissal.
3. Teachers shall not be responsible for the supervision of students who are in the building prior to or at the end of the regular student day as a result of flex time. Duties shall not be increased as a result of a flex schedule. Before and after school duties in all schools shall be assigned on an equitable and rotating basis. Duties across the District shall be as comparable as possible and shall be of a reasonable length.
4. Classrooms not used for a flex class shall be available to teachers not involved in flex time, and not used to house students not involved in a flex class. Classrooms shall be rotated for flex classes when possible.
5. Flex time class sizes shall be governed by the main contract.
6. Flex time classes shall not be considered a stipend position for teachers. They shall be filled by the shifting of a teacher's regular schedule or by additional staff when that is not possible. Should a sixth class be used as a last resort, Article 5-Section D shall be observed.
7. Flex time credit classes are Unit A positions.
8. If a teacher is absent from a flex time class and a substitute has not been provided, it is the administration's responsibility to secure the classroom coverage of a substitute. Should a teacher be asked to cover, they have the right of refusal or acceptance with pay as indicated in Article 5 – Section F. Should a large class, e.g., the band, be in need of a spot-substitute, the class shall be broken into regular sized classes. Substitute requests made under Article 5 shall be handled on a rotating basis.
9. Volunteers shall be sought for flex classes first whenever possible. An involuntary assignment of flex class shall be assigned to teachers on a rotating basis when possible.
10. High School - Flex Time:
 1. Flex time period will occur at the beginning of the regular day.
 2. The schedule shall be worked out so that the rotating schedule shall be preserved.
 3. A class taught in the flex period, 30 minutes in length, as presently scheduled, will run four days a week, all year long. The flex class shall equal a half-year course.
 4. A teacher teaching a half-year course in the flex time period, will be scheduled to teach five regular classes one semester, and four regular classes the other semester.
 5. Extra help given by teachers teaching a flex class could occur during the morning of the fifth day.
 6. Should the extra AP class assigned to a teacher teaching the AP class be an additional class in that teacher's schedule, that teacher shall be paid for that period. See Article 5, Section D.

11. Middle School - Flex Time:
 1. An eighth period will be added to the morning schedule, in order to implement flex time.
 2. Teachers will teach period one through seven or periods two through eight. This could be done on an every other day basis.
 3. Teachers teaching a flex class shall be exempt from bus duty on those days when their flex class occurs.
12. Elementary – Flex Time:
 1. A flex period will be implemented in the morning.
 2. Teachers will have a flex time schedule on the days they are assigned to teach a flex time class.
 3. Elementary teachers teaching a flex class shall not be responsible for before or after school duties.
13. It is understood that this agreement shall be reviewed during the spring of the year it is implemented in order to deal with the impact, if any, of the bus schedule, of the finalized schedule for all three levels, and of any other issue which changes the intent of this agreement.
14. Flex time is to be considered on a pilot status, to be assessed and reworked if necessary by both parties during the 2003-04 school year. All other aspects of the contractual agreement between the DTA and the Danvers School Committee shall remain in effect.
15. The attached schedules are the basis of this agreement for the 2003-04 school year. Should these schedules change, the new versions need to be discussed before the final implementation of flex time.

SETTLEMENT AGREEMENT #7

Memorandum of Agreement

Massachusetts Math and Science Initiative

Whereas, The Danvers Public Schools has received funds from a grant sponsored by the Massachusetts Math and Science Initiative known as the Advanced Placement Training and Award Program;

Whereas, said program involves funds for compensation of teachers in advanced placement courses based upon student scores in advanced placement tests;

Whereas, the Association contends that said compensation, if implemented, would violate the express terms of the collective bargaining agreement between the parties;

Now therefore, the parties, having negotiated over mandatory subjects of bargaining raised by said grant, hereby record their agreements, as follows:

- Subject to the considerations and agreements established below, the parties agree that the Advanced Placement Training and Award Program will go forward on a trial basis, beginning July 1, 2011. Said program will be reviewed on an annual basis. The Association reserves any and all rights it may have under statute and contract with respect to renewal of said grant on an annual basis.
- The Danvers Public Schools will establish and maintain a separate line item in each annual budget for the duration of the grant. Any AP qualifying score awards and all Threshold awards awarded to any Danvers Education Association member as well as any other award to any Danvers Education Association member by whatever title or name that is based on student advanced placement test scores will be deposited directly in said fund, to be used as defined below, for the maintenance and support of District Advanced Placement Programs in Math, Science, and English.
- Individual teachers of advanced placement courses in Math, Science and English who receive awards may withdraw the awarded amount from said account for the following agreed upon purposes:
 - To pay for a college course or workshop for which a teacher is licensed, working toward licensure, or re-licensure, for themselves or for any member of their department
 - To pay for a college course or workshop dealing with pedagogy for themselves or for any member of their department
 - Classroom materials or supplies for themselves or for any member of their department
 - Any form of printed information, whether electronic or hard copy, including but not limited to text books, reference books, journals or magazines, in a subject taught by themselves or by any member of their department
 - Academically relevant student activities, including but not limited to field trips and academic competitions
 - Guest speakers of lecturers
 - Any personal expenses related to professional activities or responsibilities not otherwise reimbursed by the grant or by the District
 - Time at the contract rate (\$30 per hour unless otherwise adjusted through contract negotiations) for attending Massachusetts Math Science Initiative meetings, workshops or trainings scheduled outside

- the contractual work day /work year and not otherwise compensated by the grant
- Teacher enhancement & leadership
 - The parties acknowledge that individual teachers of advanced placement courses may voluntarily agree to not utilize the “Teacher enhancement” option annually, over the duration of the grant.
 - Reimbursement will be applied for following procedures established by the School Business Department, and the reason for reimbursement clearly indicated. Reasons for reimbursement and withdrawal of funds will be shared with the Association and MMSI within two weeks of any withdrawal of funds.
 - The School District agrees that participation in Massachusetts Math Science Initiative programs is voluntary. No qualified individual who has been trained as an AP teacher will be denied the opportunity to teach an advanced placement course due to his/her non- participation in these programs. Every effort will be made to extend the opportunity to teach advanced placement programs to any interested qualified teacher.
 - The School District further agrees that it will establish stipends for teachers of advanced placement courses not supported by the Massachusetts Math Science Initiative grant in amounts equal to that provided for by the grant (the current amount is \$500 per teacher). In order to receive said stipend, the teachers must meet the same requirements associated with said stipend as contained in the Massachusetts Math Science Initiative grant.

This agreement shall be enforced through the grievance arbitration provisions of the collective bargaining agreement between the parties.

This agreement shall not be construed as setting any precedent in any negotiation or in the interpretation of any current or future agreement between the parties. It will become effective upon execution by the parties. This agreement may be terminated by either party by July 1 of each year of the grant, provided that said termination will not interfere with the administration of the annual advanced placement examinations. Should the Association elect, in its sole discretion, to terminate this agreement, the parties agree that the Association may elect to file directly for arbitration under the terms of the collective bargaining agreement.
