Home Language Survey

Massachusetts Department of Elementary and Secondary Education regulations require that *all* schools determine the language(s) spoken in each student's home in order to identify their specific language needs. This information is essential in order for schools to provide meaningful instruction for all students. If a language other than English is spoken in the home, the District is required to do further assessment of your child. Massachusetts Parental Notice for One Time Consent to Allow the School District To Access MassHealth (Medicaid) Benefits

School District Name and Code: Danvers Public Schools 0071

School/District Contact: Keith Taverna, 978-774-4800

Dear Parent/Guardian:

The purpose of this letter is to ask for your permission (also known as consent) to share information about your child with MassHealth. Local communities in Massachusetts have been approved to receive partial reimbursement from MassHealth for the costs of certain health-related services provided by the district to your child (or children). In order for your community to get back some of the money spent on services, the school district needs to share with MassHealth the following types of information about your child: name; date of birth; gender; type of services provided, when, and by whom; and MassHealth ID.

With your permission, the school district will be able to seek partial reimbursement for services provided by MassHealth, including, among others, a hearing test or eye exam; a school physical; occupational or speech or physical therapy; some school nurse visits; and counseling services with the school social worker or psychologist. Each year, the district will provide you with notification regarding your permission; you do not need to sign a form every year.

The school district cannot share with MassHealth information about your child without your permission. As you consider giving permission, please be advised of the following:

1. The school district cannot require you to sign up for MassHealth in order for your child to receive the health-related and/or special education services to which your child is entitled.
2. The school district cannot require you to pay anything towards the cost of your child's health-related and/or special education services. This means that the school district cannot require you to pay a co-pay or deductible so that it can charge MassHealth for services provided. The school district can agree to pay the co-pay or deductible if any such cost is expected.
3. If you give the school district permission to share information with and request reimbursement from MassHealth:
 - a. This will not affect your child's available lifetime coverage or other MassHealth benefit; nor will it in any way limit your own family's use of MassHealth benefits outside of school.
 - b. Your permission will not affect your child's special education services or IEP rights in any way, if your child is eligible to receive them.
 - c. Your permission will not lead to any changes in your child's MassHealth rights; and
 - d. Your permission will not lead to any risk of losing eligibility for other Medicaid or MassHealth funded programs.
4. If you give permission, you have the right to change your mind and withdraw your permission at any time.
5. If you withdraw your permission or refuse to allow the school district to share your child's records and information with MassHealth for the purpose of seeking reimbursement for the cost of services, the school district will continue to be responsible for providing your child with the services, at no cost to you.

I have read the notice and understand it. Any questions I had were answered. I give permission to the school district to share with MassHealth records and information concerning my child(ren) and their health-related services, as necessary. I understand that this will help our community seek partial reimbursement of MassHealth covered services.

Student Records

The Family Education Rights and Privacy Act (FERPA), the federal law concerning access to student records, directs that:

An educational agency or institution shall give full rights under the Act to either parent, unless the agency or institution has been provided with evidence that there is a court order, state statute or legally binding document relating to such matters as divorce, separation or custody that specifically revokes these rights.

Similarly, the Massachusetts Student Records Regulations (603 CMR 23.00) define a "parent" as:

A student's father or mother, or guardian, or person or agency legally authorized to act on behalf of the child in place of or in conjunction with the father, mother, or guardian. The term as used in 603 CMR 23.02 shall include a divorced or separated parent, subject to any written agreement between parents or court order governing the rights of such a parent that is brought to the attention of the school principal.

As of 1998, Massachusetts law (General Laws Chapter 71, Section 34H) specified detailed procedures that govern access to student records by parents **who do not have physical custody of their children.**

In order for us to implement student records laws appropriately and communicate with you concerning news and school events pertaining to your child, please provide the following information:

Student's Name: _____ Address: _____

This child lives at the address above with:

☐ Mother ☐ Father ☐ Both parents ☐ Guardian(s)

☐ Parents share custody of this child.
