MyCAP: My Career and Academic Plan

As an *instrument*, MyCap captures the learning and documents the achievements of the learning objectives at each grade level. As a *process* MyCap refers to a scope and sequence of lessons aligned to grade level college and career readiness competencies. Through a four year sequence of classroom and small group instruction students will be able to:

- Identify, reflect and growth of personal/social skills, career development education, and academic/college planning.
- Establish and pursue high quality college and career pathways.
- Align course selection with established pathways.
- Explore and understand postsecondary career and educational opportunities.
- Identify and explain a self directed, proactive, and engaging future planning process.
- Take ownership of the planning and development process, and the plan.
