

Hello DHS Families:

We are excited about the upcoming school year and can't wait to welcome students, faculty and families back to the building. It is our goal to ensure a positive and respectful learning environment in which all students can thrive and grow. We are dedicated to helping students attain their post high school goals and are ready and available to support families as part of that process. What we do here at Danvers High School is important and we will work to ensure that the focus is on learning and growth. Together as a community we will work together to ensure our students are held accountable to high standards and take pride in being a DHS Falcon. We ask for your support and collaboration in working toward the attainment of our school goals. Together anything is possible.

We hope you are having a great end to the summer and here are some updates to help get you ready for the school year.

Sincerely,

Adam Federico
DHS Principal
