CollegeBoard AP Honor Roll

DHS achieved the SILVER level of distinction on the AP HONOR ROLL. Schools earn this recognition annually based on criteria such as a commitment to increasing college-going culture, providing opportunities for students to earn college credit & maximizing college readiness.

26% of the class of 2024 has earned the John and Abigail Adams Scholarship based on their performance on the high school MCAS assessments. Congratulations to these seniors! Danvers High School students engaged in exciting and authentic activities this past quarter. Students visited Plymouth Plantation, the Museum of Fine Arts and traveled to Boston to see "Fat Ham," a contemporary retelling of Shakespeare's "Hamlet" whose Broadway run recently won the Pulitzer Prize for Drama!

Our mathematics team hosted a meet here in October and competed in a meet at SJP in November and almost every student scored points. On Friday October 20th senior DECA members attended the Fall State Leadership conference at Bentley College. Students attended leadership academies as well as workshops related to chapter management, fundraising, professional and career interests, and competition preparation. It was a great day of networking and preparing to "Shoot for the Stars", the Massachusetts DECA theme for the year.

DHS: A Positive Culture and Caring community in which to learn and grow

NBC Boston and the Lappin Foundation visited DHS this fall. The Lappin Foundation has worked with us in the past including facilitating our Holocaust Symposium. Lappin has created a new 20-minute short film to help kids learn about anti-Semitism and DHS was selected to preview and discuss the video. NBC Boston shared a wonderful profile of our school.
